

Biology Factsheets Plans for 2021/2022

15 new Biology Factsheets are published annually:
5 in September 2021, 5 in January 2022 and 5 in April 2022.

The 2021/22 titles are as follows:

Astrobiology	Investigating Stomata
Biology along an Endoscope	Phylogeny
Breast and Prostate Cancer – Targeted Therapies for Cancer	Plant Metabolism
Extreme Mountain Training (Effects on Heart, Lungs, Homeostasis)	Rewilding
Extremophiles	The Rhizosphere
Forensics	The Science of Sleep
Galapagos Islands as Conservation Case Study	Treatments for HIV
Hybrid Zones and Speciation	

Biology Factsheets are written by experienced authors and senior examiners to support the most recent specifications and provide definitive guides to the major facts, concepts, and issues that feature on A Level specifications. Factsheets include exam-style questions with answers, along with examiners' hints and comments.

Your subscription also includes access to the archive of 401 Biology Factsheets, plus access to every other A Level Biology resource that we have available including PowerPoints, Questions and Answers and Interactive Products.

All resources are site-licensed, meaning that every student and member of staff in your institution will have access to this growing resource.
