

Geography Factsheets Plans for 2019/2020

18 new Geo Factsheets are published annually:
6 in September 2019, 6 in January 2020 and 6 in April 2020.

For **2019/20**, we will be providing further support for recent hazards events, topical UN conferences, complex economic questions such as the economic impact of BREXIT and front-line research from authors who have a particular study interest. We are also targeting difficult parts of specifications which teachers have expressed the need for help with. In order to ensure better coverage of the various specifications and the options within them, we will now be producing **18 Factsheets per year (6 per term)**.

With this in mind, we have the following plans for the 2019/20 series:	Other planned titles include:
<ul style="list-style-type: none">• Continuing Global Commons: The Issues of High Seas and Deep Seas• Fieldwork Topics for Support with the NEA: Using Concepts, Theories and Models in your Literary Search• Further Titles on Changing Places including Community Groups in Placemaking and Regeneration• Series on the role of the UN, including successes and failures of its global governance• Series on Contemporary Urban Environments including Sustainable Urban Development and New Urban Landscapes• Series on the Dorset Heritage Coast: Processes and Management	<ul style="list-style-type: none">• Continuing Hazard Watch – All the Latest Events with a further look at Volcanic Hazards in Iceland... Friend or Foe?• Geopolitical Issues Associated with Superpowers• Plight of the Fragile States: A Study of Inequality• Role of NGO's from Local to Global• Some topical issues such as the War in Yemen – Will it ever end?• The Development of Small Scale Renewables in Remote Rural Areas• The latest research on the rate of melting in Antarctica• The Use of Resources including Water in Murcia and how the Cape Town Drought was managed

Geo Factsheets are of high relevance to A-Level students working on the current specifications. They include up-to-the-minute case studies and provide students with the latest in-depth analysis of key physical, human and economic topics. Our Geography authors are experts in their fields and many of them are senior examiners.

Your subscription also includes access to the archive of 394 Geography Factsheets plus PowerPoints, Questions and Answers, Singapore Articles, E-Books and Interactives. These products have now been combined into one yearly membership offering quick and easy access, all in one place.

All of our resources are site-licensed, meaning that every student and member of staff in your institution will have access to this growing resource.
