

Geography Factsheets Plans for 2021/2022

18 new Geo Factsheets are published annually:
6 in September 2021, 6 in January 2022 and 6 in April 2022.

As ever, we will continue to provide up-to-date information on world events, including mega disasters. **The following topics are planned for 2021/2022:**

In the year of the prominence of the world's two most wicked problems of managing climate warming and COVID-19, we plan a topical series on:	
<ul style="list-style-type: none"> • The Impact of COVID-19 Environmentally and Economically at a Variety of Scales from Local to Global • The Perfect Storm Inequality and COVID-19 in the United Kingdom • The Run up to COP26 - How Can Nations Achieve Their Targets? 	
Fieldwork and Techniques:	
Post COVID-19 ideas for doing the NEA. Including:	
<ul style="list-style-type: none"> • Interpreting Graphs: Hydrographs River Regimes and Water Budgets • Techniques for Investigating Land Air and Water Pollution • The Changing High Street • Using ArcGIS Online - Storybook and Scene • Using Social Media to Boost Your Enquiry Work and as Secondary Data 	
Physical Geography:	Human Geography:
<ul style="list-style-type: none"> • Coastal Landforms and Their Management at Newbiggin, Northumberland • Coastal Management Around the Persian Gulf • Coastal Management at Marazion, Cornwall • Fairbourne - The New Happisburgh? • Management of the River Mersey Basin • New Threats to the Amazon Rainforest • The Conundrum of the Beast from the East and Climate Warming in East Anglia • The Dasgupta Report - Valuing Ecosystems • The Hydrology of the River Itchen Basin • The Importance of Peatlands in The Water and Carbon Cycles • The Importance of Sub Aerial Processes in the Formation of Coastal Landforms • Unpicking the Link Between Extreme Weather Events Such as Hurricanes and Climate Change 	<ul style="list-style-type: none"> • An Update on Development Indicators • Case Studies of Aid and Investment to Combat Poverty in the Worlds 5 Poorest Countries • Does London Heathrow Need a Third Runway? • GERD - Could This Lead to the First Water War? • Levelling up - How Can This Be Done in the United Kingdom? • Rethinking Aid Post COVID-19 • The Controversy of Australia's Coal Exporting Plans • The Geopolitical Impacts of the Drive for Renewables • The Impacts of China's Superpower Ambitions on Global Geopolitics • The Northern Powerhouse - Myth or Reality?

Geo Factsheets are of high relevance to A-Level students working on the current specifications. They include up-to-the-minute case studies and provide students with the latest in-depth analysis of key physical, human and economic topics. Our Geography authors are experts in their fields and many of them are senior examiners.

Your subscription includes access to the archive of 430 Geography Factsheets plus PowerPoints, Questions and Answers, Singapore Articles, E-Books and Interactives. All of our resources are site-licensed, meaning that every student and member of staff in your institution will have access to this growing resource.
